What he offers you

Guy Sorman has renovated classic liberalism by showing how it could lead any country towards growth, in any civilization: culture, religion, tradition, even political institutions. He explains how obstacles to development can be overcome when the right economic policy is implemented. He advises governments and organisations worldwide on the importance of a rational and economically sound answer to ecological anxieties.

How he presents

Human rights leader, Government advisor and leading economist, Guy Sorman expertly provides his worldwide audiences with whole new perspective on economics, China, India and other global issues.

Languages

He presents in French & English.
